	Community Media Development

Resume of Interest and Experience

I have an interest in social and development issues. Because it is very real happening in society and always intersects in various aspects. In my empirical experience, sustainability in the community empowerment effort will be maintained if the aspects of community economic development become a factor that must take precedence.

Moreover, the experiences in the implementation of the project will be more meaningful if there is a system of documentation is a matter of learning for many parties. So, knowledge management is very important to see the track record of changes that occur in the community, especially in rural development.

Educational Background	
Bachelor's Degree	Communication Studies of UPN "Veteran" – Yogyakarta (2000 – 2004)
Master's Degree	Extension and Communication for Development Studies of The Graduate School of Gadjah Mada University – Yogyakarta (2011 – 2013)
